## PATENT ELASTIC FIRE & WATER-PROOF

CEMENT ROOFING. THE indersigned are prepared to introduce into use in Temperate W. E. CHILDS & CO.'S PATENT ELAS-TIC FIRE AND WATER-PROOF CEMENT ROOFING, and

ask the attention of Architects, Builders, Railroad Comcanies, and the public to examine its superiority over other ARCHITECTS AND BUILDERS should not fail to

examine this flooding, as it is better and cheaper than any thing in use. The material forms a hard and smooth surace that will resist the action of the atmosphere in every climate. It is impervious to water, elastic, and flexible. It contracts and expands with the changes of the atmosphere, and will neither avaporate, crack nor rot; and, as to It is practically imperinhable, and will perfectfully resist any ordinary external exposure to fire, as is abundantly proved, and we will warrant it water-proof. We will en-

gage to put our Roofing on over ordinary good theathing old shingles, tar and gravel, tin, zinc, copper, or iron roofs—It making no difference how steep or flat they may be—for seven dollars per one hundred square feet, it being far cheaper than any Roof of the old style, and we are sure it It will also be found to be the best thing ever invented to

cover or mend old leaky tin, tar and gravel roef, or around chimneys, scuttles, dormar windows, and gutters, where the tin is rust d through. This Cement can be put on to last as long as stone, and form a perfect ad each to any object to which it is applied. Tin Roofs can be painted over (and warranted not to leak) at two d llars and fifty cents per handred square feet, which is cheaper and much better than paint. This Roofley will be found to be the best theng for covering large Roofs where they are exposed to fir —such as Scam Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots, Station Houses, Steambost Decks, and, in fact, every kind of Roof where there is an external exposure from fire. As the Roof is perfect, without a join in it, it presents no chance for firsto communicate, and any light substance will burn out without igniting. Insurance Offices at Cincinnati, and other places

where Childs & Co.'s Cement has been used, insure Build-ings with Roofs covered eith this Cement, at the same rates as for those covered with Iron, Copper or Tip.
The Cement will be furnished to those at a distance with directions for using.

Some tirders cent to the undersigned, through the Postoffice, will be promptly attended to

Cincensari, Jan. 7, 1857.

Having made considerable inquiry as to the merits of the "Patent Elastic Cement Roofing," introduced into this city by Childs & Co., I find it to be highly recommended in this city by many excellent judges; that it is meeting with very ready and general introduction; that its superiority over the tar composition Roofing is decided and freely admitted; and finally, I expect to adopt it for my next roof, which will be next summer—having intended to use tin, but will try
the virtues of the "Patent clastic Roofing" as a substitute.

COUNTERFEIT OAUTION TO PARTIES PURCHASING S. N. PIKE'S MAGNOLIA WHISKY CINCINNATI, OHIO.

CINCINNATI ADVERTISEMENTS.

THE UNDERSIGNED, wanufacturer and sile proprietor of the above brand of WHISKY, would respectfully inform his customers and pur chasers of this celebrated brand, that there has appeared if the Charleston and other Southern markets a counterful of the above Whisky, being a poisonous imitation, branded similar to his brand; it passes under the name of S. N. Dike's Magnolia Whisky, Cincipnati, Chio, and other names similar to S. N. Pike. As there is no party in this city of the name of S. N. Dike, it is intended to impose and deceive those who would purchase the genuine brand. I make this statement to put parties on their guard, as there are several persons in the cast and west making an imitation, and persons in the east and west making an imitation, and using my name with a slight alteration. I have analysed several samples of this counterfeit brand, and found that it contains a deadly poison; this fact alone impels me to caution the public, protect those who are liable to be received, and prevent the evil results atten ing the use of this poisonous imitation. I also hereby caution the counterfeiters of my brand that I will prosecute them to the full extent of the law. The genuine S. N. Pike's Magnolia. Whisky is distilled from the best qualitaties of Rye and Corn, and is warranted free from any delectious or obcoxious compound, it being a pure and healthy beverage.

Many parties have recently commenced making a brand of Whisky Called Magnoria, but they are an immitation of my trade brand, so be careful at d get the only genuine Magnolia Whisky made in the United States, and distilled only by me. SAM'L N PIKE, No. 18 and 20 Sycamore-st.
